شیئر ہولڈرز کیلئے ڈائریکٹرز کی رپورٹ

معزز شیئر ہولڈرز،

گڈ لک انڈسٹریز لمیٹڈ کے بورڈ آف ڈائریکٹرز 30 جون 2025ء کو ختم ہونے والے مالیاتی سال کیلئے سالانہ رپورٹ بمعہ کمپنی کے آڈٹ شدہ مالیاتی حسابات اور اس کے ساتھ ساتھ ڈائریکٹرز کی رپورٹ پیش کر رہے ہیں۔

عام جائزہ:

دوران مالی سال 2025ء میں ٹرن اوور 1,606,635,107 روپے رہا (2024: 2,166,953,351 روپے)، کمپنی کی گندم کی مصنوعات کی فروخت سے حاصل ہونے والی آمدنی میں گزشتہ سال کی اسی مدت کے مقابلے میں کمی ہوئی ہے۔ یہ کمی اوپن مارکیٹ سے اجناس (گندم) کی خریداری کی قیمتوں میں کمی کے باعث ہوا۔ تاہم گندم کی قیمتوں میں کمی کے باعث فروخت کی لاگت میں 1,574,208,173 روپے کمی ہوئی جو کہ گزشتہ سال (2024: 2,138,381,705 روپے) تھے اور انتظامی اخراجات میں 29,248,997 روپے کا اضافہ ہوا جو کہ گزشتہ سال (2024: 24,970,257 روپے) تھے۔

بنیادی خطرات اور غیر یقینی صورتحال

کاروباری ماحول چیلنجنگ اور مسابقتی رہا۔ افراط زر کے دباؤ کی وجہ سے سروسز کی زائد قیمت، مالیاتی لاگت اور ٹیکس کے حساب کتاب کے بعد، کمپنی کا بعد از ٹیکس منافع 3,404,890 روپے (2024: 3,263,654 روپے) اور فی حصص کی آمدنی 11.35 روپے (2024: 10.88 روپے) رہی۔

منافع کی ترتیب:

اختتامی سال جون 2025ء کے لئے کمپنی کے بورڈ آف ڈائریکٹرز نے درج ذیل مجوزہ منافع کی ترتیب پیش کی ہے:

2024	2025	
4,708,449	5,124,185	نفع قبل از ٹیکس
(1,444,795)	(1,719,295)	ٹیکسیشن
3,263,654	3,404,890	نفع بعد از ٹیکس
91,625,836	104,961,292	غیر ترتیب کردہ منافع کی تفصیل
(900,000)	(900,000)	اعلان کردہ ڈویڈنڈ بحساب 3 روپے فی عام شیئر (2023: 3.00 روپے)
10,707,747	9,665,660	انکریسٹ میں کمی بیشی کی ایڈجسٹمنٹ
264,055	(87,980)	دیگر متعلقہ آمدنی / (خسارہ)
104,961,292	117,043,861	غیر ترتیب شدہ منافع کی تفصیل

فی شیئر بنیادی آمدنی:

اختتامی سال جون 2025ء کے دوران بنیادی آمدنی فی شیئر درج ذیل ہے:

2024	2025	
3,263,654	3,404,890	نفع نقصان بعد از ٹیکس
300,000	300,000	شیئرز کی تعداد
10.88	11.35	بنیادی آمدنی فی شیئر

مجوزہ ڈویڈنڈ:

کمپنی کے بورڈ آف ڈائریکٹرز نے اختتامی سال 30 جون 2025ء کے لئے ڈویڈنڈ کی نقد ادائیگی بحساب 3.00 روپے فی شیئر یعنی 30% مبلغ 900,000 روپے کی تجویز پیش کی ہے۔

گر بجو بیٹی:

بورڈ آف ڈائریکٹرز نے خصوصی طور پر مالیاتی ختم ہونے والے مالیاتی سال 30 جون 2025ء کے دوران مبلغ 18,249,133 روپے گریجویٹ کے طور پر منظور کئے ہیں۔

ڈائریکٹرز کی تحوا ہیں:

کمپنی کی مالی پوزیشن کو بہتر بنانے کیلئے چیف ایگزیکٹو اور کمپنی کے بورڈ آف ڈائریکٹرز نے فیصلہ کیا کہ اختتامی مالیاتی سال 2025ء کے لئے فیس، اجرتیں اور دیگر چارجز کو معاف کر دیا جائے۔

مستقبل کا پروگرام:

ملک کی موجودہ صورتحال کے پیش نظر کمپنی کے بورڈ آف ڈائریکٹرز نے فیصلہ کیا ہے کہ فیکٹری کے کاروبار کو اسی طرح چلایا جائے اور اس میں کوئی بڑی تبدیلی یا نئی سرمایہ کاری نہ کی جائے جو کہ آنے والے سال کیلئے تجویز کی گئی ہے۔

آڈیٹرز کی تقرری:

موجودہ آڈیٹرز میسرز منیف ضیاء الدین اینڈ کمپنی چارٹرڈ اکاؤنٹینٹس ریٹائر ہو گئے ہیں اور کوڈ آف کارپوریٹ گورننس کے تحت دوبارہ تقرری کیلئے اپنے آپ کو پیش کر سکتے ہیں۔ آڈٹ کمیٹی نے میسرز منیف ضیاء الدین اینڈ کمپنی چارٹرڈ اکاؤنٹینٹس کو کمپنی کے آڈیٹرز کے طور پر اختتامی سال جون 2026ء کے لئے بطور آڈیٹرز تقرری کی سفارش کی ہے۔

اندرونی مالیاتی کنٹرول:

ڈائریکٹرز اندرونی مالیاتی کنٹرول کے حوالے سے اپنی ذمہ داری سے آگاہ ہیں۔ انتظامیہ اور آڈیٹرز (اندرونی اور بیرونی دونوں) کے ساتھ بات چیت کے ذریعے، وہ اس بات کی تصدیق کرتے ہیں کہ کمپنی کی طرف سے مناسب کنٹرول نافذ کیے گئے ہیں۔

NOTES:

1. The Share Transfer Books of the Company will remain closed for the period from October 04, 2025 to October 11, 2025 (both days inclusive).
2. Members are requested to immediately notify change in their addresses, if any, at our Company's Registered Office or Shares Registrar M/s. C & K Management Associates (Pvt) Limited, M13, Progressive Plaza, Civil Lines Quarters, Near PIDC, Beaumont Road, Karachi. ("the Share Registrar"), Karachi, Pakistan.
3. A member of the Company entitled to attend and vote at this meeting, may appoint another member as his/her proxy to attend and vote instead of him/her. Proxies, in order to be effective, must be received by the Company at the above said addresses, not less than 48 hours before the meeting.
4. CDC Account holders will further have to observe the following guidelines, as laid down in Circular 01 dated January 20, 2000, issued by the Securities and Exchange Commission of Pakistan:
5. **Participation in the AGM:**
SECP vide its Circular No.4 of 2021 dated February 15, 2021, has made a regular feature to participate in General Meeting through electronic means. Considering the SECP's directives, the Company intends to convene this AGM with minimal physical interaction of shareholders while ensuring compliance with the

quorum requirements and requests the Members to consolidate their attendance at the AGM through proxies to safeguard and protect their wellbeing.

Therefore, the Company has made arrangements to ensure that all participants, including shareholders, can now participate in the AGM proceeding via video-link. For this, Members are required to email their Name, Folio Number and Number of Shares held in their names with subject "Registration for GOODLUCK AGM" at goodluckindltd@live.com. Video-link and login credentials will be shared with only those Members whose emails, containing all the required particulars, are received at the given email address by or before 11:00 a.m. on October 09, 2025. Members are therefore, encouraged to attend the AGM through video-link or by consolidating their attendance through proxies.

6. Notice to Shareholders who have not provided CNIC:

Members are requested to submit a copy of their valid CNIC (only physical shareholders), if not already provided to the Shares Registrar of the Company. Corporate account holders should submit National Tax Number, if not yet submitted. In case of non-submission of CNIC/NTN Certificate (copy), all future dividends will be withheld.

7. Mandate for E-DIVIDENDS for shareholders:

In order to make process of payment of cash dividend more efficient, e-dividend mechanism has been envisaged where shareholders can get amount of dividend credited into their respective bank accounts electronically without any delay. In this way, dividends may be instantly credited to respective bank accounts and there are no changes of dividend warrants getting lost in the post, undelivered or delivered to the wrong address, etc. The Securities and Exchange Commission of Pakistan (SECP) through Notice No. 8(4) SM/CDC 2008 dated April 5, 2013 had advised all Listed Companies to adopt e-dividend mechanism due to the benefits it entails for shareholders. In view of the above, you are hereby encouraged to provide a dividend mandate in favor of e-dividend by providing dividend mandate form duly filled in and signed.

8. Transmission of Annual Audited Financial Statement via QR enabled code:

In accordance with Section 223 of the Companies Act, 2017, and pursuant to S.R.O. 389(I)/2023 dated March 21, 2023, the financial statements of the Company have been uploaded on the website of the Company which can be downloaded from the following web link and QR enabled code:

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS
OF GOODLUCK INDUSTRIES LIMITED**

**REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE
OF CORPORATE GOVERNANCE) REGULATIONS, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **Good Luck Industries Limited** (the Company) for the year ended June 30, 2025 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Director's statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2025.

**Independent Auditor's Report to the members of
GoodLuck Industries Limited**

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of **GoodLuck Industries Limited** (the Company), which comprise the statement of financial position as at **June 30, 2025**, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2025 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key Audit Matters:

Key audit matters	How the matter was addressed in our audit
1. Retirement Benefits	
As described in the Accounting Policies in note 5.10 and in note 15.1 to the financial statements, the Company has a defined benefit gratuity plan for its employees.	We evaluated the management assessment of the assumptions made in the valuation of the scheme liabilities, and evaluated the information contained within the actuarial valuation report for the scheme.
At June 30, 2025, the Company recorded a net retirement benefit liabilities of Rs. 18.249 million (2024: Rs. 14.870	We tested the significant assumptions used in the valuation of the scheme and, with support from other publicly available data and other actuarial reports, we

million). The Company did not maintain any retirement benefit asset to meet its relevant liabilities. The liability determined on the basis of certain assumptions such as discount rate, inflation and working life of employees, which are complex and an area of significant judgement; changes in any of these assumptions can lead to a material movement in the liability.	considered the process applied by the Company's actuary, the scope of the valuation performed and the key assumptions applied and evaluated their expertise. We benchmarked and performed a sensitivity analysis on the key variables in the valuation model, including: - Salary increases; and - Discount rates.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Sohail Saleem.

5. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies set out below have been applied consistently to all periods presented in these financial statements, except the following,

5.1 Initial application of a standard, amendment or an interpretation to an existing standard

5.1.2 Amendments to published accounting and reporting standards which are effective for the year ended June 30, 2025

Amendments to published accounting and reporting standards which are effective for the year ended June 30, 2025 There were certain amendments to published accounting and reporting standards that became applicable for the Company during the year are not considered to be relevant or did not have any significant effect on the Company's operations and have therefore not been disclosed in these financial statements except for the following:

i) Disclosure detailing shariah and conventional elements

During the year, the Securities and Exchange Commission of Pakistan (SECP) has made amendments to the Fourth Schedule to the Companies Act, 2017 whereby certain disclosure requirements have been introduced, which have been presented in note 37 to these financial statements

5.2 Property, plant and equipment

Items of property, plant and equipment other than leasehold land, building, plant & machinery and capital work in progress are measured at cost less accumulated depreciation and impairment loss (if any).

Leasehold land, buildings and plant & machinery are measured at revalued amounts less accumulated depreciation and impairment loss (if any).

Capital work in progress is stated at historical cost less impairment loss (if any).

Any revaluation increase arising on the revaluation of leasehold land, buildings and plant & machinery improvements is recognised in other comprehensive income and presented as a separate component of equity as "Revaluation surplus on property, plant and equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of land, buildings and leasehold improvements is charged to profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset. The revaluation reserve is not available for distribution to the Company's shareholders. The surplus on revaluation buildings and leasehold improvements to the extent of incremental depreciation charged (net of deferred tax) is transferred to unappropriated profit.

Depreciation is charged over their estimated useful lives, using diminishing balance method at the rates specified in note 6.

Depreciation on additions to property, plant and equipment is charged from the month of purchase or from the month of commercial productions in respect of additions made during the year while proportionate depreciation is charged on assets disposed off during the year till the month of disposal.

Normal repairs and replacements are taken to the statement of profit or loss. Major improvements and modifications are capitalized and assets replaced, if any, other than those kept as stand-by, are retired.

An item of property plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition of an item of property plant and equipment is determined as the difference between sales proceeds and the carrying amounts of the asset and is recognized in as other income on the statement of profit or loss. The case of the derecognition of a revalued Property, the attributable to revaluation surplus remaining surplus on the surplus on revaluation is transferred directly to the unappropriated profit.

5.2.1 Judgements and estimates

The useful lives, residual values and depreciation methods are reviewed on regular basis. The effect of changes in an estimate is accounted for on a proportionate basis.

5.2.2 Impairment

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

5.3 Stock in trade

Stock in trade are valued at lower of cost and net realisable value. Cost is determined under the weighted average basis. . Scrap and by-product is valued at estimated realisable value.

Cost is determined as follows:

Stages of Stock-in-trade	Basis of Valuation
Raw Material at warehouses	At lower of annual average cost and net realizable value.
Raw Material In transit	At cost accumulated to the statement of financial position date.
Work in process	At cost.
Finished Goods	Purchase cost of direct materials, labour and a reasonable allocation of overheads based on normal operating capacity on a weighted average basis.

Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less estimated cost of completion and the estimated cost necessary to be incurred to make the sale.

5.3.1 Judgements and estimates

Stock in trade write down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market condition. A review is made on each reporting date on stock for excess, obsolescence and decline in net realizable value and an allowance is recorded against the stock balances for any such decline

5.4 Trade debts and other receivables

Trade debts and other receivables are recognized initially at the amount of consideration that is unconditional, unless they contain significant financing component in which case such are recognized at fair value.

The company holds the trade debts with the objective of collecting the contractual cashflows and therefore measures the trade debts subsequently at amortised cost using the effective interest rate method. Impairment of trade debts and other receivables is described in note 5.11.2.

5.5 Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred and are subsequently measured at amortized cost using the effective interest rate method. Borrowings are classified as current liabilities unless the Company has an unconditional / contractual right to defer settlement of the liability for at least twelve months after the statement of financial position date.

5.6 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of a past event, and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are not recognized for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amount of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognized provision is recognized in the statement of profit or loss unless the provision was originally recognized as part of the cost of an asset.

5.7 Share Capital

Share capital is classified as equity and recognised at the face value. Incremental cost net of tax and directly attributable to the issue of new shares are shown as a deduction in equity.

5.8 Income tax and levy

Taxation comprises current and deferred tax. Income tax expense is recognized in the statement of profit or loss.

5.8.1 Current tax

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

5.8.2 Deferred tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is also not recognised if they arise from the initial recognition of an asset or liability in a transaction other than a business combination that at a time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses and credits only if it is probable that future taxable amounts will be available to utilise those temporary differences and unused tax losses and credits.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

5.8.3 Levy

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income or any minimum tax which is not adjustable against future income tax liability is classified as levy in the statement of profit or loss and other comprehensive income as these levies fall under the scope of IFRIC 12/IAS 37.

5.8.4 Judgements and estimate

Significant judgment is required on determining the income tax expenses and provision for tax. There are many transactions and calculations for which the ultimate tax determination is uncertain as these matters are being contested at various forums. The Company recognizes liabilities are the anticipated tax issues based on estimates on whether additional taxes will be due. Where the final tax outcome of these matters is different from the amount that are initially recorded, such differences will impact the current and deferred tax assets and liabilities in the period in which such determination is made.

Further, the carrying amount of the deferred tax asset is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profit. If required, carrying amount of the deferred tax asset is reduced to the extent that it is no longer probable that sufficient taxable profit to allow the benefit of part of all that recognized deferred tax assets to be utilized. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

5.8.5 Off-setting

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intend either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

5.9 Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non financial assets (other than stock in trade and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is recognised if the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in profit or loss.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. The increase in the carrying amounts shall be treated as reversals of impairment losses for individual assets and recognised in profit or loss unless the asset is measured at revalued amount. Any reversal of impairment loss of a revalued asset shall be treated as a revaluation increase.

5.10 Staff retirement benefits

Defined benefit plan

Defined benefit plan provide an amount of gratuity that an employee will receive on or after retirement, usually depend on one or more factors such as age, years of service and compensation. The liability recognised in the statement of financial position in respect to defined benefit plan is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligations are calculated annually by an independent actuary using the Project Unit credit method. When the calculation result in a potential assets for a company, the recognised assets is limited to the present value of economic benefits available in the form of any future refunds from plan or reductions in future contributions to the plan.

The present value of defined benefit obligations are determined by discounting estimated future cash outflows using interest rates of high quality corporate bonds or the market rates on government bonds. These are denominated in the currency in which the benefit will be paid.

Remeasurment gain/losses are recognised in other comprehensive income.

5.10.1 Judgements and estimates

In determining the liability for long service payments management must make an estimate of salary increase and discount rate in the present value calculation and number of employees expected to leave before they receive the benefits.

5.11 Trade and other payables

Liabilities for trade and other payables are carried initially at cost which is the fair value of the consideration to be paid in future for goods and services received and subsequently measured at amortized cost using effective interest method.

5.12 Financial instruments

5.12.1 Financial assets

The Company classifies its financial assets at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Financial assets at amortised cost

Financial assets at amortised cost are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets, impairment losses, foreign exchange gains and losses, and gain or loss arising on de-recognition are recognised directly in profit or loss.

Financial assets at fair value through other comprehensive income

Financial assets at fair value through other comprehensive income are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are those financial assets which are either designated in this category or not classified in any of the other categories. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises.

Financial assets are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently premeasured to fair value, amortized cost or cost as the case may be. Any gain or loss on the recognition and de-recognition of the financial assets and liabilities is included in the profit or loss for the period in which it arises.

Equity instrument financial assets / mutual funds are measured at fair value at and subsequent to initial recognition. Changes in fair value of these financial assets are normally recognised in profit or loss. Dividends from such investments continue to be recognised in profit or loss when the Company's right to receive payment is established. Where an election is made to present fair value gains and losses on equity instruments in other comprehensive income there is no subsequent reclassification of fair value gains and losses to profit or loss following the de-recognition of the investment.

Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. Assets or liabilities that are not contractual in nature and that are created as a result of statutory requirements imposed by the Government are not the financial instruments of the Company.

5.12.2 Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade debtors, the Company applies the simplified approach, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company recognises in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortised cost are deducted from the Gross carrying amount of the assets.

The Gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery.

The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

A financial asset is considered in default when the counterparty fails to make contractual payments within one year or when they fall due. However, in certain cases, the company may also consider a financial asset to be in default when internal or external information indicates that the company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the company.

The adoption of the expected loss approach has not resulted in any material change in the impairment provision for any financial asset.

5.12.3 Financial liabilities

All financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities at amortised costs are initially measured at fair value minus transaction costs. Financial liabilities at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the profit or loss.

Financial liabilities, other than those at fair value through profit or loss, are subsequently measured at amortised cost using the effective yield method.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange and modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the profit or loss.

5.12.4 Off setting of financial assets and financial liabilities

A financial asset and a financial liability is offset and net amount is reported in the financial statements if the company has a legally enforceable right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

5.13 CONTINGENCIES

Contingent liability

There is possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company' or

There is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Contingent assets

Contingent assets are disclosed when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. Contingent assets are not recognized until their realization becomes virtually certain.

5.14 Revenue recognition

Revenue comprises the fair value for the sale of goods net of sales tax and discounts. Revenue from the sale of goods is recognized when control of the goods passes to customers and the customers can direct the use of and substantially obtain all the benefits from the goods.

No element of financing is deemed present as the sales are made with a credit term, which is consistent with the market practice.

The Company does not recognize a liability for returns, refunds, or similar obligations as it has a policy of no returns or refunds on its products/services.

Revenue is recognised when specific criteria have been met for each of the company's activities as described below:

Revenue from contract with customers

Sale of goods is recognised when the company has transferred control of the products to the customers and there is no unfulfilled obligation that could affect the customer's acceptance of the goods.

Contract assets

Contract assets arise when the company perform its performance obligation by transferring goods to the customer before the customer pay its consideration or before payment is due.

Others

Return on deposit is accrued on time proportion basis by reference to the principle outstanding and the applicable rate of return.

5.15 Borrowing cost

Borrowing cost relating to the acquisition, construction or production of a qualifying asset are recognized as part of the cost of that asset. All other borrowing costs are recognized as an expense in the period in which these are incurred.

5.16 Cash and cash equivalent

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of the statement of cash flow, cash and cash equivalents comprise of cash on hand and cash at bank.

5.17 Dividend distribution

Dividend distribution to the Company's shareholders to recognized as a liability in the period in which the dividends are approved by the Company's shareholders.

5.18 Basic and diluted earnings per share

The company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

6.2 Particulars of immovable property (i.e. land and building) in the name of the Company are as follows:

	Location	Usage of Immovable Property	Total Area (Square feet)	* Covered Area (Square feet)
a) Lease hold	Plot No.S-49/A, Maripur Road, S.I.T.E, Karachi	Office and Manufacturing facility	174,240	54,793
b) Building	Plot No.S-49/A, Maripur Road, S.I.T.E, Karachi	Office and Manufacturing facility	54,793	54,793

* The covered area includes multi storey buildings.

6.3 Depreciation charge for the year has been allocated as follows:

Cost of sales
Administrative expenses

	Note	2025	2024
	20	15,297,797	15,536,042
	21	830,617	860,850
		16,128,413	16,396,892

6.4 Had there been no revaluation the related figures of leasehold land, building, and plant and machinery would have been as follows:

Plant and machinery	8,879,133	8,427,891	451,242	8,879,133	8,377,753	501,380

6.5 Details of revaluation of freehold land, buildings on freehold land, plant and machinery, and tools and equipments are mentioned in note 14.

6.6 Revaluation of freehold land, building, plant and machinery and tools and equipments were performed by M/s MYK Associates (Private) Limited, who are independent professionally qualified valuer.

The valuation of land was determined based on market comparable approach that reflects recent transaction prices for similar properties. The valuation of building was determined using cost approach that reflects the cost to a market participant to construct assets of comparable utility and age, adjusted for obsolescence. The valuation of plant and machinery were based on the estimated gross replacement cost, depreciated to reflect the residual service potential of the assets taking account of the age, conditions and obsolescence.

6.7 The fair value of assets subject to revaluation model fall under level 2 of fair value hierarchy.

Defined benefit plan - (unfunded gratuity)	15.1.4	18,249,133	14,870,418
15.1.1	As stated in note 5.10, the company operates a defined benefit plan i.e. an unapproved gratuity scheme for all its permanent employees subject to completion of first year of service. Actuarial valuation of the plan is carried out every year and the latest actuarial valuation was carried out as at June 30, 2024, by an independent actuary. The disclosures made in notes 15.1.2 to 15.1.12 are based on the information included in that actuarial report.		
15.1.2 Principal actuarial assumptions	The projected unit credit method using the following significant assumptions was used for this valuation:		
		2025	2024
- Discount rate - per annum compound		11.75%	14.75%
- Expected rate of increase in salaries - per annum		9.75%	12.75%

Current service cost for the year	15.1.8	1,220,757	1,035,616
Interest cost		2,182,442	2,048,826
Net remeasurement loss/ (gain) on obligation	15.1.9	123,916	(371,909)
Benefits paid during the year		(148,400)	(900,550)
Closing present value of defined benefit obligations		18,249,133	14,870,418
15.1.7 Charge for the year has been allocated as under:			
Cost of sales		1,490,822	1,380,264
Administrative expenses		1,912,377	1,704,178
		3,403,199	3,084,442

	2025	2024
	<-----Rupees----->	
15.1.8	The following amounts have been recognised in the statement of profit or loss in respect of the defined benefit plan.	
Current service cost	1,220,757	1,035,616
Net Interest cost	2,182,442	2,048,826
Expenses	3,403,199	3,084,442
15.1.9	Remeasurement chargeable to other comprehensive income	
Actuarial (Gains)/Losses due to changes in Financial Assumptions	(47,679)	(18,590)
Actuarial loss/ (gain) due to experience adjustments	171,595	(353,319)
Amount chargeable to other comprehensive income	123,916	(371,909)

15.1.10 Expected future costs

Expected future expense chargeable to Statement of Profit and loss for the year ending June 30, 2026 is Rs. 3.541 million.

15.1.11 The sensitivity analysis of the defined benefit obligation to changes in the weighted principal assumptions is:

	Impact on defined benefit obligation		
	Change in assumptions	Increase in assumption	Decrease in assumption
	<-----Rupees----->		
Discount rate	1%	17,021,505	13,870,078
Salary growth rate	1%	19,565,300	15,942,905

15.1.12 The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the staff retirement gratuity recognised within the statement of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous method.

30 FINANCIAL RISK MANAGEMENT				
The company's activities expose it to a verity of financial risk, market risk, credit risk and liquidity risk. The company's overall risk management programme focuses on having cost efficient funding as well as to manage financial risk to minimize earning volatility and provide maximum return to shareholders				
The Board of Directors has overall responsibility for the establishment and oversight of the Company's financial risk management framework. The board is also responsible for developing and monitoring the Company's risk management policies.				
30.1 Market Risk				
Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing returns.				
30.1.1 Currency risk				
Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly where receivables and payables exist due to transactions entered in foreign currencies. As at June 30, 2025, the company is not exposed to currency risk.				
30.1.2 Interest rate risk				
Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate risk arises from long and Short term borrowings from financial institutions. As at June 30, 2025, the interest rate risk profile of the Company's doesn't have any interest-bearing financial instrument.				
30.1.3 Price risk				
Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at June 30, 2025, the Company is not exposed to price risk.				
30.2 Credit risk				
Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company does not have any significant exposure to customers from any single customer.				
Credit risk of the Company arises principally from trade debts, advances, deposits, other receivables and bank balances. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows:				

	Note	2025 -----Rupees-----	2024
Trade debts	30.2.1	21,766,876	33,275,279
Long term deposits		1,048,616	1,048,616
Bank balances		15,427,498	53,332,171
		38,242,991	87,656,066

30.2.1 Set out below is the information about the credit risk exposure on the Company's trade debts

	Trade debts -----Rupees-----	
	June 30, 2025	June 30, 2024
30 days	19,965,167	19,965,167
31 to 90 days	11,040,750	11,040,750
91 to 180 days	-	-
180 days to 1 year	2,269,362	2,269,362
Over 1 year	-	-
	33,275,279	33,275,279

Concentration of credit risks exists when changes on economic and industry factors similarly affect the group of counter parties whose aggregated credit exposure is significant on relation to the company's total credit exposure . The company's financial assets are broadly diversified and transactions are entered into with diverse credit worthy parties, thereby mitigating any significant concentration risk. Therefore, the company believes that it is not exposed to major concentration of credit risk.

However, impairment analysis is always performed as each reporting date using a provision matrix to measure expected credit losses. Generally trade debtors are written off if past due for more than one year and are not subject to enforcement activity.

Other financial assets at amortised cost includes advances, deposits and other receivables.

The credit quality of balances with banks can be assessed by reference to external credit ratings as shown below:

Bank	Rating agency	Long - term Rating	Short - term Rating	2025 ----- (Rupees) -----	2024
United Bank Limited	JCR-VIS	AAA	A1+	626,858	568,198

Bank Al-Habib Limited	PACRA	AAA	A1+	9,912,240	32,610,863
Habib Metro Bank Limited	PACRA	AA+	A1+	1,659,352	2,688,738
MCB Bank Limited	PACRA	AAA	A1+	631,041	656,894
Meezan bank Limited	VIS	AAA	A1+	1,299,793	13,947,618
				15,427,498	53,332,171

30.3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or would have difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The following are the contractual maturities of financial liabilities, including interest payments, excluding the impact of netting agreements:

	Contractual cashflows		
	Maturity within one year	Maturity after one year	Total
	Rupees		
2025			
Trade and other payables	13,058,838	-	13,058,838
Unclaimed dividend	2,414,638	-	2,414,638
	15,473,476	-	15,473,476
2024			
Trade and other payables	30,169,002	-	30,169,002
Unclaimed dividend	2,318,421	-	2,318,421
	32,487,423	-	32,487,423

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company manages liquidity risk by maintaining sufficient cash and bank balances and availability of financing through banking arrangements, which includes Short term finances.

31 FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying value of all the financial instruments reflected in the financial statements approximates to their fair values.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying values of all financial assets and liabilities reflected in the financial statements approximate to their fair values.

Fair value hierarchy;

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1: fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

As at 30 June, 2025, the company has no financial instruments that falls into any of the above category. There were no transfer between level 1, 2 and 3 in the year.

32 CAPITAL RISK MANAGEMENT

The objective of the company when managing capital i-e its shareholder's equity is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits to other stakeholders; and to maintain a strong capital base to support the sustained development of its businesses.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders.

The company manage its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions consistent with others in the industry. The company manages its capital risk by monitoring its liquid assets and keeping in view future investment requirements and expectation of the shareholders.

As at June 30, 2025 and 2024, the company had surplus reserves to meet its requirements.
